Log into VacStatus using your Princeton NetID and password. Duo authentication required.

Launch the TigerSafe app on any smartphone/tablet*. Tap on the purple **Upload Vaccine Record** button, followed by the **Faculty/Staff** Option.

Don’t have the TigerSafe app?
Scan the QR code to go directly to VacStatus.
Or type the URL into your computer’s web browser: [https://bit.ly/3znzBC5](https://bit.ly/3znzBC5)

* No personal data will be stored on the device other than photos of your vaccine card, which may be deleted after submission.

Before you begin, if you are providing a vaccination record, be sure to have clear, unobstructed photos of the front and back of your COVID-19 Vaccination Card.

Choose one of the options that appear below “What would you like to do?”

Click on **NEXT**

If selecting “Provide vaccination record,” move to step 4. For all other options, follow the on-screen instructions.

Click on **NEXT** followed by **SUBMIT**

You’re all set! Thank you for using VacStatus!

Enter the date and type of dose in the appropriate fields.

Upload photos of your vaccine card by clicking on “Add attachments.” Select the photos from your photo library or file browser. If using a smartphone/tablet with a camera, you may take a photo at this time if needed.

Click on **NEXT** followed by **SUBMIT**

You’re all set! Thank you for using VacStatus!

Need help? Scan the QR code to the left for an instructional video.
In-person tech support is available at the Testing Clinic, Monday–Friday, 9 am–noon.
